Join a Promise Medical Expedition and get ready for a life-changing experience in the Peruvian Amazon! We need medical volunteers (doctors, dentists, nurses, physician assistants, etc.) and non-medical volunteers. We offer special internship opportunities for medical/dental, physician assistant, public health and nursing students. We simply ask our volunteers to adopt a sense of adventure and a willingness to work hard!

Your volunteer experience is not free, but we do everything we can to keep costs to a minimum. Your contribution of hands-on fieldwork plus the financial donation you make through your expedition fee is the backbone of the help Amazon Promise gives to the people of Peru. Click here to determine your Expedition costs.

Volunteers may participate in one, two or all three weeks of any medical expedition except for trips marked as 'remote'. Non-medical volunteers are also welcome! Please browse through our Newsletter section and Facebook page for the latest AP happenings!
